Footnotes:

This information is reported by Raisins SA NPC as submitted by collaborators.

Weekly producer deliveries were verified by means of the WEEKLY returns.

Adjustments are made because of amendments and/or late returns.

PLEASE NOTE:

The comparisons made with previous years are only indicative.

It is only an indication of how the crop is delivered at commercial premises between years.

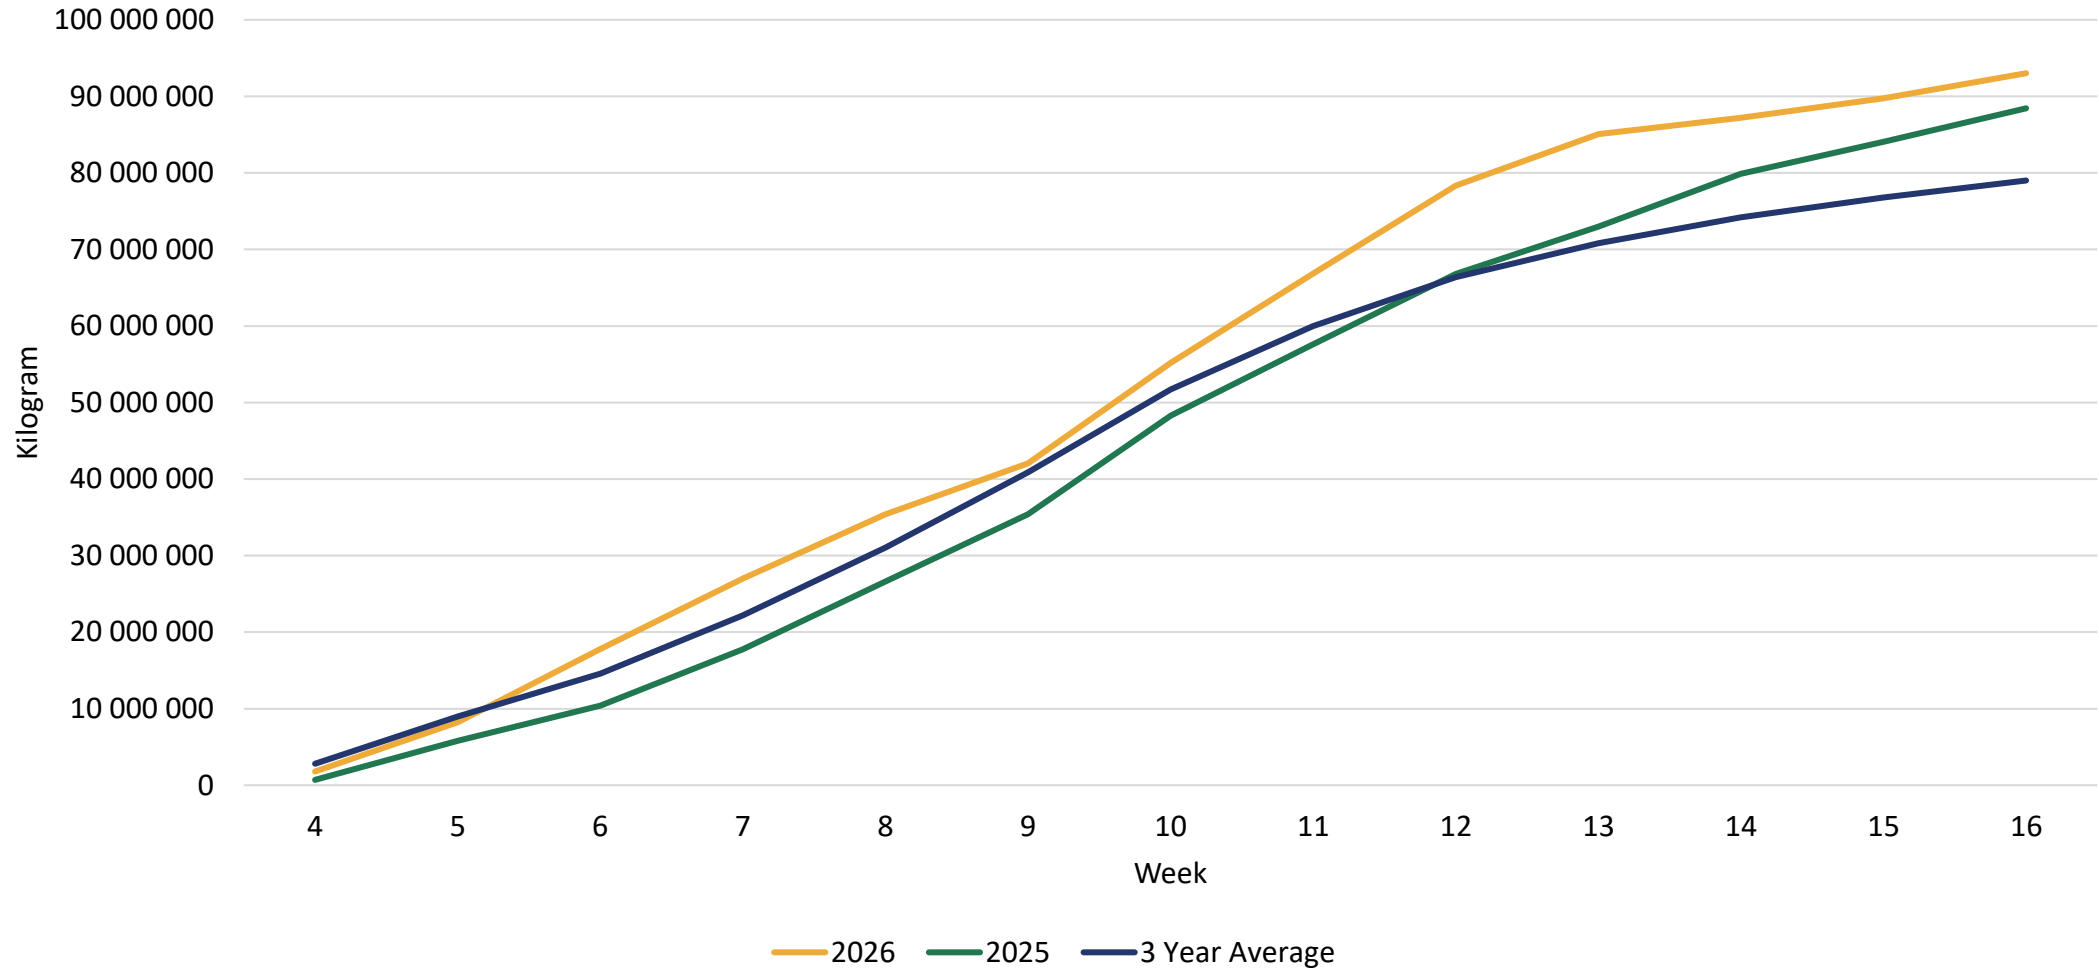

The comparison is based on the WEEK NUMBER and not actual dates.

The beginning and end dates of a week are therefore not the same for each year.
